## Is Life Worth Living?

That depends upon the Liver. If the Liver is inactive the whole system is out of order—the breath is bad, digestion poor, head dull or aching, energy and hopefulness gone, the spirit is depressed, a heavy weight exists after eating, with general despondency and the blues. The Liver is the housekeeper of the health; and a harmless, simple remedy that acts like Nature, does not constipate afterwards or require constant taking, does not interfere with business or pleasure during its use, makes Simmons Liver Regulator a medical perfection.

I have tried its virtues personally, and know that for dyspepsia, biliousness and headache, it is the best medicine ever used. Have tried forty cases before Simmons Liver Regulator, and none of them have proved otherwise. It is a simple, harmless, and effective remedy, and is sold by all druggists.

W. H. JONES, Mason, Ga.

## Digging for Diamonds in India.

In India diamonds are found in alluvial workings and in the original gangue or bedrock. So far diamonds have been found in situ, both in the upper and lower Gondwanan rocks. These consist of a series of shales, limestones and sandstones, cut up and much mixed with intrusions of trap. A species of conglomerate made up of what looks like felted hornblende, with embedded pebbles of jasper, serpentine, quartz and sandstone is the matrix in which the diamond is found.

When exposed to the action of the weather, as in shallow workings, this conglomerate is of a rusty brown color and very friable, so that it can be readily broken and the gangue washed away, leaving the pebbles, which are of a white, red, blue and green color. A load of gangue yields about a quart of pebbles, and if from this a carat weight of diamonds is recovered the mine is considered worth working.

Overlying the diamond conglomerate are beds of hard sandstones and shales, which have to be cut through before the diamond gangue is reached. In the deep mines the gangue is extremely hard and tough and of a green blue color. It requires months of exposure to the atmosphere and frequent sprinklings with water before the matrix becomes sufficiently friable to obtain the pebbles without breaking them.

All attempts to crush the matrix without destroying the included diamonds have hitherto failed, and owing to the long delay before the results are known, the natives seldom work the conglomerate in the rock workings unless it is somewhat decomposed and softened by the weather. The pebbles are about the size of hazelnuts and are generally opaque. The presence of green pebbles is considered a good sign by the native miners.—Mining and Engineering.

A NATIONAL SILVER LEAGUE.

The Silver State advocates the organization of a National Silver League on the same plan of the State leagues now in existence in Colorado, Idaho and Nevada. The proposition is a superb one on the face of it, and should be encouraged by all the press of the silver States until it is brought about. The free coinage agitation has acquired considerable momentum at the present time, and the energy gained must not be suffered to die out now that the election is over. Eternal and vigilant labor upon the part of the Silver men is necessary to accomplish their purpose, for the enemies of silver are many, crafty and powerful.

With a National Silver League organized, having some adequate method of raising funds through the medium of subordinate leagues in each of the silver States it is possible to accomplish a vast amount of good for the cause of bimetalism, by distributing free coinage literature, subsidizing the press in different sections of the country, and sending out lecturers to educate the people upon this subject. Agitation and education is what is needed. Dissipate the fallacies in regard to free coinage raised up by the goldbugs and let light in upon the question, that the whole or a majority of the people can see and understand it as it is, and all the powers of the Rothschilds and Wall street could not prevent the restitution of silver to the place it occupied previous to 1873, without bloodshed following.

In the State of Nevada there are estimated to be about 7,000 members of the different Silver leagues; in Colorado possibly 50,000, and in Idaho 10,000; a grand total, not counting Montana, of nearly 70,000 members. If the people of these States are in earnest upon the silver question, and there is reason to think they are, it would not be impossible, nor even a seriously difficult problem to perfect a National, State and county plan of organization whereby the different members of the subordinate leagues should contribute one or two dollars each a year to the National fund for the dissemination of bimetallic information. Fifty or one hundred thousand dollars contributed annually and used wisely, would render the silver men able to cope with the goldbugs on their own ground with the addition of Achilles' weapon of truth upon their side to wield in a fight that is by and in behalf of the people and against the avaricious oligarchic aristocracy of the East.

THANKSGIVING DAY.

The first Thanksgiving day was set apart by good old John Bradford, first Puritan Governor of the Plymouth Colony as a day for returning thanks to Almighty God for the safe voyage of the Pilgrims across the Atlantic in the Mayflower; and for the many blessings of religious peace and liberty which surrounded them in spite of the rigors of that first New England Winter and the hardships attending their ill-prepared struggle for existence, as the pioneer followers of the Star of Empire breaking the way in the virgin wilderness for the footsteps of a coming nation.

The custom repeated each year, gradually spread throughout all New England. When the Continental Congress assembled in 1776, it recommended a similar observance during the Revolutionary War. In 1789 Washington proclaimed a general Thanksgiving day for the adoption of the Constitution. The termination of the war of 1812 moved President Madison to declare a day of Thanksgiving in December, 1815. The next Thanksgiving day was proclaimed by Abraham Lincoln in 1863 for a victory. In the following year he proclaimed the first National Thanksgiving day for general blessings and continued to do so annually throughout his term of office. Its example has been followed by every succeeding President.

It is not only a beautiful but a reverent custom. A great nation, when the season of harvesting is over, and just as the coming of Winter is harbingered by the first snow, to set apart a day of acknowledgment to the Most High for the blessings of liberty and prosperity and happiness He has showered upon them with wise and lavish hand.

Goldbug papers are asking what has been gained by the silver men in the recent election. Nevada has retained Stewart and gained Newlands; Montana, California, Idaho and Wyoming have insured the election of four more Silver Senators, and what is better than all, Colorado has exchanged Tompkins for Pence and Bell, two stalwart free silver champions. —Denver News.

It is reported that the Republicans intend forcing an extra session of Congress. Their plan is to place riders upon the Army Appropriation bill such as will cause its defeat or veto. Congress would then have to be called together to provide for army expenditures. This is the program announced by Republican leaders.

Blaine's Condition Unchanged. WASHINGTON, N. Nov. 23.—There is no particular change in ex-Secretary Blaine's condition, and he is about the same as yesterday.

TELEGRAPHIC NEWS

The Great Stallion, Stamboul.

STOCKTON, Cal., Nov. 23.—Stamboul had a world of speed to-day and Walter Maben says the stallion never showed more. He was sent away on the second scoring and Maben let him take his own time with a runner trailing, and he trotted the first quarter in 31 seconds and went to the half in 1:02 1/2, making the second quarter in 31 1/2 seconds. Here the runner came up at his best speed, but the stallion was too fast for him and led the race, going to the three quarters in 3 1/4 seconds, making the distance in 1:35, the same time he made when he trotted in 2:08 1/2, October 27th. Stamboul was out for a record and he kept on at his wonderful speed, trotting the race of his life. He kept up the clip but made a skip at the seven-eighths pole, but caught instantly and finished the quarter in 32 1/2, making the mile in 2:07 1/2, taking the world's stallion record by a quarter of a second. Maben was congratulated and horse owners gave Jack Cross credit for his judgment in keeping the stallion at work. The finish was made in the rain, but Stamboul seemed no fust about the weather and seemed to know what was expected of him. The Stallion was sent here by Mr. Cross in August and was worked slowly until October when Maben started him against time. His performances here show how the horse has been training on proving that he had not reached his limit of speed. October 22d he commenced fast work here, reducing his record of 1890 from 2:11 to 2:10 1/2. October 27th he made a record of 2:08 1/2; November 9th he made 2:08; November 16th he made 2:09 1/2; November 19th he made 2:09 1/2 on a bad track and to-day he led the world in 2:07 1/2 and will rest on his honors for a time.

A Big Scheme to Monopolize Texas Railroads.

CORPUS, Tex., Nov. 23.—A sensation has been created in railroad circles in this part of the State, on account of the discovery that C. P. Huntington and Jay Gould have been quietly obtaining control of the franchise of certain small roads in this State. It is stated that they will make feeders of them for the Southern Pacific and cotton belt systems. The next franchise to be gobbled up is the Waco & Northwestern. This has been operated as a part of the Houston & Texas Central and includes 277,230 acres of land donated by the State to aid in the construction, as well as the franchise to build up to Red river, and thence to the northern boundary of the State. It is advertised to be sold at Waco December 28. It is stated that Huntington has already complied with the terms of sale and will bid up to any reasonable amount necessary to secure this valuable link between Houston and the Texas Central, which he now virtually controls, and the Texas Central. This done, he will be in a position to squeeze the owners of the latter road until they will be only too glad to sell out at his figures. Huntington will then have the railroad monopoly of the Central and Southwestern, Texas, New Mexico, Arizona and California, all the way to the Pacific coast and back to Texas river.

Kidnaping Chinamen.

SAN DIEGO, Cal., Nov. 23.—The Unionist to-morrow publish a statement to the effect that Chinamen have been kidnaped and turned over to the Federal authorities of this country on the pretext that they have been arrested for violation of the Exclusion law. The Unionist informant says that United States Deputy Marshal Marsh and Smallcombe, have had a contract with one, Hydr, who lives 40 miles below the line, to gather up Chinese and bring them to the Argillos ranch three miles below the line where they are turned over to American officers. The Unionist says Hydr not having received his pro rata has turned informant and affidavits are now in Washington showing the facts of the conspiracy. The Chinamen are said to have been plundered and held under guard under short rations until a sufficient number had been collected to make their arrest an object.

A bunch of them is said to now be held below the line ready for turning over to Marsh and Smallcombe as soon as the money for the last two lots is forthcoming. Smallcombe is said to have no money and is waiting for the arrival of Marsh from Los Angeles with funds. The paper says the Mexican officers are cognizant of the practice, but for personal considerations do not interfere.

An Assessment of \$5 per Share.

SAN FRANCISCO, Nov. 23.—The directors of the Hawaiian Consolidated Commercial Company to-day levied an assessment of five dollars per share on the stock of the company, payable within 30 days from date. This levy, which amounts to nearly a half million of dollars, is designed to go toward paying the mortgage of \$300,000 on the present crop of sugar from the company's Hawaiian plantation, besides interest on \$900,000 worth of outstanding bonds, the liabilities having been incurred by reason of poor crops and the tariff imposed on sugar by this country.

An Increase in Pensioners.

WASHINGTON, Nov. 23.—The annual report of the Assistant Secretary of the Interior says that on June 30, 1892, there were borne on the pension rolls the names of 855,087 pensioners, 179,928 more pensioners than were carried on the same rolls at the end of the preceding fiscal year, and 457,050 more than were on the rolls June 30, 1887.

Pierce Elected.

SALEM, Or., Nov. 23.—The Secretary of State is in receipt of election returns from all counties in the State except five. The returns show that Nathan Pierce, the Fusion elector, has a plurality of 829 over the highest Republican elector, insuring Pierce's election. The five counties to hear from will increase Pierce's plurality. Critchlow Acquired.

PITTSBURG, Nov. 23.—The trial of Sylvester Critchlow, charged with murder in connection with the Homestead riot, was brought to a close this evening by the jury bringing in a verdict of acquittal. The prisoner was not released.

Pinkerton Investigating Committee.

PITTSBURG, Nov. 23.—The Senatorial Investigating Committee began its session here this afternoon. Chief Martin of the Carnegie Labor Bureau thought the effect of the employment of armed detectives bad, as the workmen are violently opposed to them. H. C. Frick thought his company had a right to employ armed men to protect their property. He said the firm was now treating with the men as individuals, but it had no prejudice against them if they belonged to the union. He denied that the firm had a blacklist and said they employed over 20,000 men, about 35 per cent. of whom were native Americans. Speaking of the effect of the strike, Frick said the men probably lost about a million dollars in wages. The firm's loss he could not estimate. They forfeited a good many contracts, but in no case were held for damage.

Two Laborers Injured.

SAN FRANCISCO, Nov. 23.—While Bastili Bassetti and O. Nelson, two laborers, were working in Gray Bros. quarry this afternoon, some 400 pounds of rock that had been loosed by the rain fell on them from a height of about twenty feet and they were almost buried in the ruins. Nelson was the worse injured of the two. His right leg was broken, his head and chest badly crushed and it is feared he has sustained a fracture of the skull. Bassetti was also hurt very severely. His left leg was broken and his chest was badly crushed.

Eloping Theatrical People.

NEW YORK, Nov. 23.—Frank Richards, known all over the country as an able manager of theatrical concerns, eloped with Georgio Lake, an actress. Richards leaves a wife and child at Boston and Miss Lake leaves a husband in New York. Her husband is Julien Mitchell, a theatrical manager, and a nephew of Maggie Mitchell, the actress. Miss Lake is a sister of Jim Corbett's wife.

Terrific Wind Storm at Carson.

CARSON, Nov. 23.—Last night and this morning a terrific wind storm blew over Carson. The force of the wind was so severe that a large window casing left its fastenings and fell in the office of the Receiver of Public Money. The entire frame tumbled out of the brick wall, pulling the wedges with it. The wind storm was followed by rain, which is still falling.

Urging Boies for the Cabinet.

DES MOINES, Nov. 23.—A conference of Democratic notables from all parts of the State is being held here to arrange for urging Governor Boies for the Cabinet in order to boom him for United States Senator. It has been decided that the next State Convention will formally nominate him for that office.

A Thousand Dollar Prize.

DEADWOOD, S. D., Nov. 23.—The cowboys of Nebraska and Dakota met at Chadron, Neb., and arranged a long distance race from Chadron to the Nebraska building on the World's Fair grounds at Chicago, to start May 15th, for a prize of a thousand dollars.

For Scrofula

"After suffering for about twenty-five years from scrofulous sores on the legs and arms, trying various medical courses without benefit, I began to use Ayer's Sarsaparilla, and a wonderful cure was the result. Five bottles sufficed to restore me to health."—Bonifacio Lopez, 827 E. Commerce st., San Antonio, Texas.

Catarth

"My daughter was afflicted for nearly a year with catarth. The physicians being unable to help her, my pastor recommended Ayer's Sarsaparilla. I followed his advice. Three months of regular treatment with Ayer's Sarsaparilla and Ayer's Pills completely restored my daughter's health."—Mrs. Louise Belle, Little Canada, Ware, Mass.

Rheumatism

"For several years, I was troubled with inflammatory rheumatism, being so bad at times as to be entirely helpless. For the last two years, whenever I felt the effects of the disease, I began to take Ayer's Sarsaparilla, and have not had a spell for a long time."—E. T. Hansbrough, Elk Run, Va.

Be Sure

If you have made up your mind to buy Hood's Sarsaparilla do not be induced to take any other. Hood's Sarsaparilla is a peculiar medicine, possessing, by virtue of its peculiar combination, proportion, and preparation, curative power superior to any other article. A Boston lady who knew what she wanted, and whose example is worthy imitation, tells her experience below:

To Get

"In one store where I went to buy Hood's Sarsaparilla the clerk tried to induce me to buy a great deal of medicine, but I told him that I would not take it; that I might take it on ten days' trial; that if I did not like it I need not pay anything, etc. But he could not prevail on me to change. I told him I knew what Hood's Sarsaparilla was. I had taken it, and was satisfied with it, and did not want any other."

Hood's

When I began taking Hood's Sarsaparilla I was feeling real miserable, suffering a great deal with dyspepsia, and so weak that at times I could hardly stand. I looked, and had for some time, like a person in consumption. Hood's Sarsaparilla did me so much good that I wonder at myself sometimes, and my friends frequently speak of it. — MRS. ELIA A. GORR, of Terrace Street, Boston.

## BREVITIES

The JOURNAL wishes a fat turkey to every one.

Captain Ford Reid departed yesterday for Winnemucca.

The Carson News has entered upon its fourth volume.

Hon. A. D. Griffin came down from Peavine yesterday.

Winter seems to be putting up both his blustering props.

Three hundred plates are on a big rabbit hunt in Mason Valley.

Heavy sales of overcoats reported yesterday by shoe dealers.

Teeth extracted and filled painlessly or no charge. Porter Brothers.

U. S. Marshal Moore returned to Virginia City yesterday morning.

Go to the Pavilion and see those fine costumes for the dance to-night.

For painless Dental operations go to Porter Bros., Commercial Row.

The State University closed yesterday until Monday for Thanksgiving.

George W. Brady of Virginia City is a candidate for Page of the Assembly.

Teeth extracted painlessly, \$1; old method, 25 cents. Porter Brothers.

Go to the Palace Bakery for fresh whole-some bread, cakes, pies and candies.

For nearly fifty years Ayer's Sarsaparilla has led the van of blood medicines.

Frank Bryant has tendered his resignation as First Lieutenant of the Carson Guards.

Plumbing, tinning and pipe work done at the lowest possible prices by Lange & Schmitt.

T. A. Read is a candidate for Sergeant-at-Arms of the Assembly (People's Party). n19-2w

Farwell to ye barnyard turkey. Before night he will be flesh of our flesh and bone of our bone.

Bargains in cook stoves, heating stoves, ranges and house furnishing goods at Lange & Schmitt.

It is reported that the employees of the Carson Mint recently discharged were all Silver party men.

An electric light mast, a number of trees, etc. were blown down by the hurricane early yesterday morning.

Captain O. A. Bragg returned yesterday morning from San Francisco. He reports Allen improving rapidly.

Washoe county ought to get the next speaker of the Assembly, and W. H. A. Pike is the man for the place.

Ex-Senator Evan Williams of Ormsby returned from the East yesterday morning and passed through to Carson.

That time-honored preparation, Ayer's Cherry Pectoral, is still the medicine most in demand for colds and coughs. It always cures.

Charley Bailey has been appointed roller in the Mint to succeed S. S. Fairbanks, and Chas. Calvin takes Joe King's place as coal man.

Whooping cough has struck Carson. The whooping up the town got two weeks ago was bound to develop something.—Chronicle.

Dandruff forms when the glands of the skin are weakened, and, if neglected, baldness is sure to follow. Hall's Hair Renewer is the best preventive.

Thanksgiving services will be held at the M. E. Church to-day. Rev. Mr. Pope of the Baptist Church will officiate, and every body is invited to attend.

The people of California have much to be thankful for. Mike de Young was scuttled and sunk, squelched and knocked out, skunked.—Jim Townsend.

The last of the fall crop of soda, about 400 tons, has been taken from the vat where it will be left to evaporate, the deposit of soda to be gathered next year.

Electric lights will hereafter be used at the skating rink. Charley Blithen is bound to have everything that will tend to the comfort and pleasure of his patrons.

The adoption of a man's saddle by the ladies in Somerset house in England has attracted much attention, and the divided skirt for a riding habit is generally approved.

The camp is dull. No stud horse poker, no big Injan, no fights. It is too stupid to be civilized, as almost everybody is at work. But wait until the next Fourth of July. Then we'll make home howl again.—Homer Index.

According to the aggregate unofficial returns there were 14,000,000 votes cast for President at the recent election for the three leading candidates, Cleveland, Harrison and Weaver.

Chas. J. Kappler, the gentlemanly and obliging Secretary of Senator Stewart, made a friend of every newspaper man with whom he came in contact during his stay in Nevada—Silver State.

Dr. W. A. Phillips writes Rev. Mr. Pope that he consulted a specialist regarding his vocal troubles, and was assured that the trouble was only temporary. He goes to Pacific Grove for a few weeks.

It is an assured fact that the unquarred ball to be given by the Knights of Honor this evening will be a success. The sale of tickets has been quite large and a good crowd is certain to be in attendance.

On the 30th of April, 1892, there was not a soul in what is now the town of Helena, Lincoln county. It now has a population of about 250, the buildings are all good, substantial ones and the town is still growing.

At the mining congress held in Helena last July it was decided to hold the next congress at Salt Lake in December of this year. It has been decided to postpone the meeting indefinitely as the times are not now propitious.

O. A. Richardson of the Arcade Restaurant will be prepared to furnish a fine supper to all those attending the Knights' dance this evening. Ample accommodations have been provided for a large number. All the delicacies of the season will be served.

The wind bloweth, the water floweth, the farmer soweth, the subscriber oweth, and the Lord knoweth that we are in need of our dues; so come a runnin', ere we go a gunnin'—we're not a funnin'; this thing of dunnin' gives us the everlastin' blues.—Jim Townsend.

The skating rink is open in the afternoons principally for the accommodation of ladies and new beginners, as at that time the rush is not so great and the management can give more attention to them. The new floor is now in prime condition, and the rink is liberally patronized.

Some idea of the force of the wind storm of last night may be formed when it is stated that one of the large windows in the south wing of the Government building, in the U. S. Land Office, was blown in last night, the window frame, plate glass and all being nearly demolished.—Tribune.

Today being a legal holiday, and in order that the printers, who enjoy eating turkey as well as other people, may do so without the thought of suffering from indigestion caused by working all night on a heavy turkey dinner, there will be no paper issued from this office to-morrow.

The Call asserts that W. R. Hearst has ordered the sale of all his real estate in California, and that he will probably sell the Examiner. He is to make his future home in Southern Europe, probably in Italy. He will build a beautiful marble villa. At present Hearst is floating up the Nile.

J. W. Dorsey informs the Silver State that the item in the Reno Gazette some days before the election to the effect that George W. Baker had gone back on Weaver and was supporting Harrison was untrue, and that Mr. Baker was an earnest supporter of the Populist leader all through the campaign and voted for him.

## THE NEXT HOUSE AND SILVER.

A Goldbug Estimate of the Strength and Weakness of Silver in the Next Congress.

Our Washington correspondent has made an estimate of the position of the next House of Representatives on the silver question. He reports that a free coinage bill will have little chance in that body. On a conservative count not less than 194 members can be relied upon to vote on the honest money side, leaving only 162 to go the other way. By these figures there will be at the lowest a clear majority of 32 against free coinage. This is good news. If the next House shows so wide a margin on the sound side, there ought to be a pretty sure chance of bringing it to vote for the repeal of the noxious provisions of the silver law, unless, indeed, the present Congress anticipates such action during the coming short session.

As regards free coinage itself, even if the majority turned in its favor, there would be no danger of the enactment of a bill. With Cleveland in the executive chair all risk on that point will be ended. He can be looked to for a veto of any bad currency legislation, and his veto may well be expected to hold. Mr. Cleveland is not a leader whom his party would venture to leave in the lurch. He is too strong a man every way for such desertion.—Boston Herald.

## Kameralda Items.

The following items are taken from the Walker Lake Bulletin of yesterday: O. H. Cogswell of Virginia has taken a lease of the Lapwai mine.

Phil Bauer has made a shipment of ore from the Pamlico to the astras.

About fifteen miners are now in Alum Creek district. Several good prospects are being worked there.

Eighteen tons of ore from the Highbridge mine in Cat Creek are being run through the astras.

Eighteen tons of ore worked last week in the astras from the War Eagle mine in Hawthorne district yielded \$5,800—about \$325 per ton. This mine is the property of J. A. Waddell and O. B. Kimball.

The soda works of Knapp & Laws at Trona are likely to prove very important to our country's resources. The marsh is about five miles east of the Indian Reservation, and there are now about ten men employed there.

## Auction Sale To-morrow.

Do not fail to attend the auction sale of furniture and carpets at Armory Hall Friday, November 25th. Sale to commence at 1 p. m. C. W. Bouton auctioneer.

## KETTLE BULLY BROWN.

His Connection With the "California" Mine—How He Lost His Fifth Interest in It.

The Sunday Sun, a sheet of the trashy, sensational sort, published at Spokane, Washington, in a recent issue, has a column and a half article about Kettle Bully Brown, a former well-known character of Virginia City, who is now a tally-man in a kenom room in Spokane, says the Enterprise. Erstwhile Comstockers who have wandered forth into other regions of this fair land very frequently develop into capable liars, and if Kettle Bully is responsible for the biography of himself published in this article, he is unquestionably as gifted as any of his compatriots who have gone before him.

The article states that Mackay, Fair, Sharon and Jones staked Brown with grub to go on a prospecting tour, that he discovered the celebrated "California" mine of this place on the trip, and that they all became equal partners in the mine, which was valued at \$5,000,000 at that time. The article explains how Brown lost his interest in the mine as follows:

"Brown was always a sport; so were his partners. One evening in 1874 he and his four partners met in a room in the International Hotel in Virginia City. One of the party suggested a game of 'draw.' That settled it. 'Draw' had to come and it came pretty swift as the sequel will show. At first the stakes were not large—a dollar ante and \$100 limit. But as the game progressed the ante was raised to \$10 and the limit knocked out of sight. Presently Mr. Brown picked up three jacks; he raised the ante \$1,000. Jim Fair passed out, so did Mr. Jones. Mackay saw the raise on two pairs. Sharon covered the raise on a pair of kings and then they drew cards. Brown picked up his two draw cards and bet \$1,000. Mackay raised it \$10,000 and Sharon made it good. Brown then came back at them and saw the raise and elevated the pot to the extent of his share in the California mine. In a voice that was tremulous with excitement Mackay announced that he would see it. Sharon, cool as an iceberg, simply said, 'I'm there.' 'Four jacks,' said Brown.

"Sharon looked inquiringly at Mackay. 'That beats me,' said the latter, throwing down three queens and a pair of eights. 'I have four kings,' said Sharon, and I guess I own three-fifths of the California mine."

"After this Brown and Mackay drew out of the game, but Sharon, Jones and Fair continued to play until daybreak. Just as the golden haze of approaching day swept over the mountain peaks Sharon became sole owner of the mine on a hand. Mackay, Fair, and Jones afterward became part owners of the mine by purchase from Fair, but Brown was never in it again."

## THE MINSTRELS.

They Treat a Large Audience to a Fine Performance.

The best minstrel combination that has visited Lima within the memory of the oldest inhabitant is the Chas. E. Scibbling company, which opened at the Façot last night. When here a few months ago it was then the equal of any on the road, but could not compare with the present aggregation of minstrel talent. In short, this is a combination of high-class comedians and specialists.

The performance commenced with a grand cave scene, in which the eye was gratified by the elegance and beauty of the costuming and mounting and the ear pleased with the new songs and catchy airs.

From the rising of the curtain until its final drop at 11 p. m. there was not a dull moment in the evening.—Democrat, Lima, Ohio.

Shilling's Minstrels are billed to appear in Reno on the 30th inst.

## EUREKA TO THE FRONT.

A Strong Claim for the Silver Banner.

EUREKA, Nov. 21, 1892. ED. JOURNAL.—In a recent number of the Silver State that spicy little paper asserted that Humboldt county was the banner Silver county of the State. Now, unless little Nye carries off that honor, as will be seen by the following figures, Eureka is the banner county:

HUMBOLDT COUNTY.  
Total vote for Silver electors..... 711  
All others..... 85

Majority over all..... 626

EUREKA COUNTY.  
Total vote for Silver electors..... 705  
All others..... 65

Majority over all..... 640

Fortteen better than Humboldt, on twenty-six less of a total vote.

## QUI BONI.

Official Vote of Churchill County.

Official returns of the election have just been received from Churchill county. In that county the Silver party had no organization although the head of the Silver ticket swept the county. The vote is as follows: Harrison electors, 57; Cleveland electors, 4; Weaver electors, 129; Bidwell electors, 1; F. G. Newlands, 105; Wm. Woodburn, 44; J. C. Hegerman, 16; O. H. Gardner, 3; O. H. Belknap, 191; H. L. Fish, 19; F. Lemmon, 17; H. B. Role, 49; J. F. Douglas, 19; J. H. Kinkaid, 57; O. E. Mack, 73; Assemblymen, L. Allen, (D.) 95; A. N. Frolson, (R.) 85; Shriver, E. M. Brown, (R.) 74; J. E. Higgins, (D.) 104; County Clerk, Geo. M. Dyer, (D.) 87; J. W. Ferguson, (R.) 101; District Attorney, W. C. Grimes, (D.) 93; Wm. Murphy, (R.) 97; County Recorder, W. E. Dalton, (R.) 96; I. H. Kent, (D.) 93; County Treasurer, J. Ferguson, (R.) 69; J. M. Sanford, (D.) 117; Commissioner Long Term, J. N. Allen, (D.) 83; W. W. Williams, (R.) 105; Commissioner Short Term, R. N. Brannin, (D.) 96; F. V. Harmon, (R.) 88.

## OVERCOATS.

Fine Milton and Beaver overcoats made to order for \$20 and upwards. Do not fail to see the elegant samples at Wansmaker's & Brown's, Virginia street, next to Justice Court.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

# Royal Baking Powder

## ABSOLUTELY PURE

## Deserves Attention.

If you have money to invest in Reno real estate, either in large or small amounts, the Reno Real Estate and Investment Company offers most particular inducements to you. By investing in its shares of stock you participate in its investments which are governed by its able and experienced Board of Trustees, consisting of Mr. C. T. Fender, Mr. Sol Levy, Mr. C. O. Powning, Mr. Geo. F. Tarrinton and Mr. A. G. Fletcher. The principle object of the company is to purchase and improve centrally located business property in the city of Reno. Everyone is of one mind as to the desirability of such investments.

The company is incorporated with a capital of \$100,000, divided into 20,000 shares of the par value of five dollars each, and from its already large list of share holders there is every reason to believe that it is destined to become one of the most flourishing companies in the State. Of its 20,000 shares there have been 12,000 sold since August 1st.

Its shares are sold upon the monthly installment plan of ten cents per share, installments to range over a period of fifty months. In this way persons of moderate means are enabled to combine and participate in investments that usually only fall to the lot of the fortunate capitalist. Mr. F. M. Lee, the Secretary of the company, will be pleased to furnish any desired information.

## Cattle Shipments.

Twenty-one cars of cattle arrived yesterday from B. Estrada, Iron Point, Nevada. They were consigned to Horn & Chapman, Reno, and are to be fed on the Truckee Meadows until Spring.

The following shipments were made on yesterday's train: Six cars of sheep by D. Biggs, Reno, to J. G. Johnson & Son, San Francisco; three cars of cattle from Winnemucca to R. T. Evans, Milpitas; nine cars of cattle from J. S. Blackburn, Amadeo, to Hayes & Co.'s Stock Yards; four cars of sheep by R. W. Parry to John Stewart's Stock Yards and two cars to J. Hall, San Francisco.

## Thanksgiving Ball Supper.

The Occidental Hotel, opposite the depot, is making arrangements to set a magnificent ball supper Thanksgiving night. Poultry, confectionery, oysters in all styles, tea, coffee, chocolate and wine, all for \$1.50 per couple. Fifty persons can be seated at a setting. Every thing first class in every respect.

Mrs. J. H. WELBY.

## The Storm.

One of the heaviest wind storms in recent years raged from about 1 o'clock yesterday morning until 10 a. m., when it turned into a rain, the falling drops coming down in a gentle drizzle during the rest of the day. In the evening snow began falling. The streets are now as sloppy as the heart could desire.

## Too Much Holiday.

Got him off the track and brought on a fresh attack of indigestion and dyspepsia. It was Simmons Liver Regulator that cured this time. It never fails. You want to keep it on hand also for any bilious attack, or for constipation. It is the emergency remedy, unlike pills in effect. No gripings, and does not debilitate. Try it at once.

The Thanksgiving Masquerade Ball. The Knights of Honor wish is understood that no person of questionable character will be admitted to their dance; everybody in mask will be examined by the committee.

Take a look at the magnificent prize for best sustained characters of a couple. If

Turkish Dedication Ceremony. CHICAGO, Nov. 23.—The ceremony of dedicating the foundation of the Turkish pavilion at the World's Fair occupied yesterday in the presence of all the Sultan's subjects who come to take part in the Exposition, as well as a number of those who came from Turkey especially for the occasion. The ceremony was a religious one, including the sacrifice of a lamb and the sprinkling of blood on the foundation, typical of the Abrahamic sacrifice.

It is believed that this is the first Moslem service ever held in the western world. The ceremony concluded with an address by Takki Bey, the Turkish Commissioner to the Fair.

Cleveland's Destination Discovered. PHILADELPHIA, Nov. 23.—President-elect Cleveland's destination is discovered. He has gone to Bradwater Island, near Exmore, Va., on Cape Charles, which is maintained as a private hunting and fishing preserve by a club of leading Philadelphia. Game is abundant and Cleveland will have a chance to indulge in his love for sport and at the same time escape the importunities of office seekers.
